State Boards, Commissions and Authorities—Public Employees Retirement Systems; Kansas Police and Firemen's Retirement System—Annual Spouse's Benefit; Post Retirement Benefit Adjustment; Retirant Dividend Payment; Relation to Social Security; *Brazelton Class* Representative Dale Sprague, 73rd District, McPherson; Meredith Williams, Executive Director, Kansas Public Employees Retirement System, Topeka, November 15, 1991.

Annual spouse's benefits, post retirement benefit adjustments and retirant dividend payments applicable to individuals comprising the *Brazelton* class are based on the amount of benefit received from the Kansas police and firemen's retirement system (KP&F). The benefit received from KP&F does not include that amount equal to one-half of the benefits received from Social Security by the member which is offset from the amount of benefit due from KP&F. The computations for annual spouse's benefit, post retirement benefit adjustment and retirant dividend payment may not include that amount which is offset from the amount of benefit due from KP&F. Constitution of the State of Kansas—Finance and Taxation—Revenue for Current Expenses. Representative Rick Bowden, 93rd District, Goddard, November 6, 1991.

The legislature is prohibited, pursuant to article 11, section 4 of the Kansas constitution, from imposing a permanent statewide property tax levy. However, a series of annual or biennial impositions would be permissible. The legislature may require the board of education of each school district to levy a specified number of mills and to transfer a portion of the proceeds to the state for distribution to other school districts if done in compliance with article 11, sections 4 and 5, and any other applicable constitutional provisions. Taxation—Property Valuation, Equalizing Assessments, Appraisers and Assessment of Property—Installation and Maintenance of Records and Data; Open to Public Inspection. Representative Clyde D. Graeber, 41st District, Leavenworth, November 7, 1991.

All records of the county appraiser and county board of equalization relating to identification and appraisal of real and personal property are required to be made available for public inspection unless closure of a particular record is specifically authorized by law. Except as provided in the 1991 amendments to K.S.A. 1990 Supp. 79-1448, records need only be provided upon request or as necessary to defend the system of valuation in the appeals process. Failure or refusal to provide access to records required to be open may be prosecuted under the Kansas open records act or various provisions in the tax statutes. Opinion No. 91-146

Counties and County Officers—Planning and Zoning; Planning and Zoning in Counties—Water and Water Courses; Appropriation of Water for Beneficial Use. Joseph P. O'Sullivan, Reno County Counselor, Hutchinson, November 8, 1991.

A county, acting as a zoning authority, may not deny a special use permit to prevent construction of a municipal water well and related facilities because of the impact on the availability of water to adjacent property owners, under circumstances where a permit for the well has been approved by the division of water resources. Pursuant to the Kansas water appropriation act, K.S.A. 82a-701 *et seq.*, the chief engineer of the Division of Water Resources is exclusively vested with the power to appropriate water for the state of Kansas. Furthermore, this state power will pre-empt the coun-

ty's zoning power in order to prevent dual regulation which would result in uncertainty and confusion. MJS

Opinion No. 91-147

Constitution of the State of Kansas—Finance and Taxation—System of Taxation; Classification; Uniform and Equal Requirement on State Assessed Taxes. Representative Rick Bowden, 93rd District, Goddard, November 13, 1991.

Statutorily requiring different boards of education to impose different amounts of mill levies with the state recapturing a portion of those levies for use in other school districts would constitute a state tax. As such, the plan would not be consistent with article 11, section 1(b) of the Kansas constitution because the rate of taxation would not be uniform and equal across the state. Cited herein: Kan. Const., Art. 11, § 1; L. 1965, ch. 417, § 16. JLM

Taxation—Property Valuation, Equalizing Assessments, Appraisers and Assessment of Property—Powers and Duties of Director of Property Valuation. Representative Clyde D. Graeber, 41st District, Leavenworth, November 15, 1991.

The April 1 deadline for giving taxpayers notice of a change in the valuation of their real property is directory rather than mandatory. Failure to meet this deadline does not invalidate the changed valuations. If notices are mailed late and the hearing/appeal deadlines are not extended, taxpayers who are unable to request or attend a hearing/appeal procedure for this reason are deemed to have had their request for relief denied, and a final determination or order to that effect must be issued so that they may proceed to the next step in the process. Constitutional due process requirements are met if the taxpayer has been given a meaningful notice and opportunity to be heard at some stage in the proceedings. State of Kansas

The Kansas Lottery

Temporary Administrative
Regulations

Article 4.—INDIVIDUAL GAME RULES

RULES FOR INSTANT GAME NO. 43
"3 OF A KIND"

111-4-362. Name of Game. The Kansas Lottery shall conduct an instant winner lottery game entitled "3 OF A KIND" commencing on January 2, 1992. The specific rules for the "3 OF A KIND" game are contained in K.A.R. 111-3-1 *et seq.* and 111-4-362 through 111-4-365. (Authorized by and implementing K.S.A. 1990 Supp. 74-8710; effective, T-111-11-19-91, Nov. 15, 1991.)

111-4-363. Definitions. The following definitions shall apply to the "3 OF A KIND" instant lottery game:

(a) "Game symbols" are the numbers, letters, symbols, or pictures printed in the play area of each instant game ticket and which determine if the ticket bearer is entitled to a prize. In this instant game, the game symbols are printed in black ink in 10 pt. Archer bold. A game symbol appears in each of six play spots within the play area. Each game symbol for this instant game is one of the following: 9 - 10 - J - Q - K - A.

(b) "Game symbol captions" are the words or portions of words printed beneath each game symbol in the play area and are used to repeat or explain the game symbol. The game symbol caption associated with each game symbol is as follows:

Game Symbol	Game Symbol Caption
9	NINE
10	TEN
J	JACK
Q	QUEEN
K	KING
A	ACE

(c) "Ticket validation number" means a unique number appearing on each ticket which is used to validate winning tickets. For this instant game, the ticket validation number is a 10-digit number which appears on the front of each instant ticket and will be covered by latex.

(d) "Book-ticket number" means the unique number appearing on each ticket which includes the number of the book from which it was removed and the serially assigned number of the ticket within that book. For this instant game, the book-ticket number is an 8-digit book number followed by a dash and then a 3-digit ticket number. The ticket numbers in each book start with 000 and end with 299. The book-ticket number is printed in black ink on the bottom portion of the front of each instant game ticket.

(e) "Retailer validation code" means the small letters found under removable covering in the play area of each instant game ticket. The retailer uses this code to verify and validate winners which are to be paid by the retailer. In this instant game, the retailer validation code is a two letter code printed and appearing

in two of six varying locations among the game symbols. The codes and their meanings are as follows: AA = FREE TICKET; DD = \$2.00; KK = \$5.00; NN = \$20.00. (Authorized by and implementing K.S.A. 1990 Supp. 74-8710; effective, T-111-11-19-91, Nov. 15, 1991.)

111-4-364. Determination of Instant Prize Winners. An instant prize winner is determined for this instant game when the player removes or "scratches off" the removable layer of material covering the play area to reveal the six game symbols and captions.
